

OPX-1 DG

OPX-1 is a hermetic surface-mounted enclosure designed for both indoor and outdoor use. It is manufactured using two-component injection moulding technology. The combination of high-quality polycarbonate, which gives the enclosure resistance to mechanical damage and UV radiation, and the sealing material makes the enclosure resistant to harsh weather conditions. An **AXD-200** or **XD-2** detector can be placed inside the OPX-1.

- dimensions: 29 x 157 x 28 mm
- IP65 rating
- tamper contact supporting **AXD-200** and **XD-2** detectors
- output for **FPX-1** flood probe
- key for opening the enclosure included

The enclosure is available in four colours: white (**OPX-1**), black (**OPX-1 B**), grey (**OPX-1 GY**) and dark grey (**OPX-1 DG**).
