

The Extra Large Enclosure (XL) is a universal sturdy metal enclosure designed for general purpose installation of either Inner Range Integrati or Concept equipment. The flexible design allows for the complete range of Integrati or Concept equipment to be fitted in various custom configurations to meet almost any installation requirement.

A range of powered or non-powered models are available.

The Extra Large Enclosure's low profile side elevation protrudes less than 90mm from the mounting surface.

Features

- Robust metal enclosure
- Designed for universal installation requirements
- Suitable for Integrati Controllers and Modules
- Suitable for Concept Controllers and Modules
- Mounting options for 18Ah or 9Ah Lead Acid Batteries
- Optional battery holder brackets are available
- Low profile design - size 702(L) x 358(W) x 85(D)
- Suitable for Integrati or Concept medium or large size equipment mounting plates

Designed for a range of Integrati or Concept Products

- Integrati Controllers (IAC or ISC)
- Integrati LAN Modules
- Integrati UniBus Expansion Devices
- Concept Controllers
- Concept LAN Modules
- Concept Peripheral Devices
