

OPC-4 DG

OPC-4 DG is a complete dark grey enclosure designed for selected models of recessed ceiling motion detectors from the SLIM LINE series. It replaces the standard white enclosure, allowing the detector to match the colour of the ceiling.

Installation involves transferring the detector electronics board, together with its plastic cover and mounting plates, into the new enclosure.

- designed for the following detector models: **SLIM-R-PIR**, **SLIM-R-DUAL**, **SLIM-R-PIR-LUNA**, **SLIM-R-DUAL-LUNA**, **SLIM-R-PIR-LUNA BUS**, **SLIM-R-DUAL-LUNA BUS**, **APC-200 R**, **APMC-250 R**
- dark grey colour
